

Community Interest Company

Dear Parent/Carer,

Call Stenhousemuir Football Club Community Help Hotline – 01324 466563

The response to date for our Community Help Initiative has been simply incredible with over 60 volunteers signed up and out in our community supporting the most vulnerable people at these most uncertain of times. The scheme has been running for 10 days now and demand for help continues to rise, we are therefore continually adapting the scheme to meet the ever changing needs of our community.

We have now **EXTENDED** the offer of help to families who have children that qualify for free school meals but are unable to collect their meals. We have received a few phone calls already asking for support with this due to families self-isolating. Community staff have already been out and about collecting the meals from schools and dropping them off at families doorsteps.

Our initiative is designed to help anybody in this time of need. We can do any of the following for anyone that is unable to do so because of age, health issues or self-isolation

- Shopping/messages
- Dog Walking
- Picking up prescriptions
- Collection of free school meals
- All other help and support considered

WE ARE HERE TO HELP; WE WILL DO EVERYTHING WE CAN TO SUPPORT OUR COMMUNITY!!!

If you need a little help during this difficult period due to the Coronavirus, or if you want to volunteer your services, get in touch with us:-
