

Be kind and considerate of others

Try and find a quiet place to work

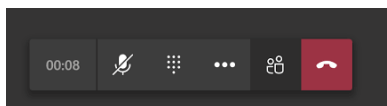

Place your device so the camera doesn't show too much of your home (to protect your privacy)

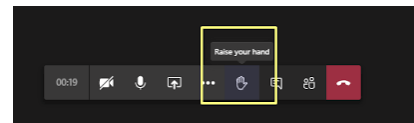

Ensure you are dressed appropriately during live interactions

Behave in the meeting as you would be expected to in school

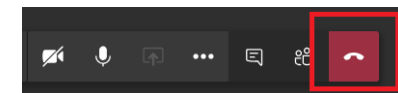

Do not record, take pictures or screenshots during live interactions

The microphone should be muted throughout, unless instructed otherwise. This helps us to take turns and listen to everyone. Your teacher will tell you when it is your turn to talk.

Use the 'raise hand' function to ask a question or to speak. Your teacher will see you have something to say. Remember to put your hand back down after you have spoken.

When your teacher ends the meeting, please leave the meeting quickly. You should not be staying on the call to talk with your friends.
